Starts

**Friday**

PE for All

KS1 Multi-Skills Cub Starts

**Happy Birthday**

**Samuel, Emily, Miss Turrell**

*'God loves a cheerful giver.'*

2 Corinthians 9:7

Dear Parents,

Welcome back everyone! We have had an incredible couple of days. For the first time in over eighteen months the whole school have been able to play together at play and lunchtime. Yesterday, all the staff stood watching them play together – it was such a pleasure.

We have welcomed twelve new children into our school community – Dinah, Rosco, Tobin, Jenson, Ivy, Jemima, Jacob, Amelia, Ella, Milo and Rupert have joined Otters and Molly has joined our Squirrels. Our new reception children have settled in so well and are excited about coming back next week. Molly has also joined our Squirrels Class.

Next week, the children will be starting their new study themes. The teachers have planned a special 'wow' starter to excite the children. I won't spoil the surprise!

The school is slowly but surely returning back to 'normal'. On one hand it's wonderful but on the other, it's a little unnerving. Please be rest assured that we are doing everything we possibly can to keep the children and ourselves as safe as possible.

Stay safe and have a wonderful weekend.  
Kind Regards,

Kate Appleby

### Dropping Off & Picking Up:

Please use the green gate at the back of school to drop off and pick up your child. School Lane is a VERY busy road which is often used as a race track. When you arrive please park in the school's carpark and walk along the path to the green gate at the back of the school. Children who walk to school from the other end of School Lane are welcome to use the gate by the front entrance so they don't have to walk along the road where there isn't any pavement.

### **My Maths - Y1 to Y6**

Over the next week the children will be exploring how to use our new Maths homework programme, My Maths in class. Towards the end of the week they will come home with a letter for you and their log in details. Each week your child's class teacher will set one or two tasks for your child to complete with you at home.

### **After School Clubs**

Our after school clubs will be starting next week:

Tuesday – Dungeons & Dragons Y5/6

Wednesday – Cricket for KS2

Thursday – Woodland Adventures for KS1

Friday – Multi Skills for KS1

### **School Uniform**

A list of our school uniform is available on the school's website -

<http://www.warminghamce.cheshire.sch.uk/page/school-uniform/35600>

Please, please, please make sure that your child's clothes have their names in them.

### **Bacon Butty Friday's**

We will be selling bacon butties from next Friday playtime - £1 each.

## Our Study Theme:

This term our study themes are based around the book *Timeline*. Each class will be learning about a different period of history.

### Otters:

Otters Class will be using the topic 'It's good to be me' for the first part of the half term. We will be learning all about ourselves, what is important to us and how to stay healthy. We will talk about our families, who lives with us and significant people in our lives such as grandparents and other family members and how all families can be different in many ways. We will also find out 'what is a family tree?' Alongside this we will be making new friends, learning new routines and celebrating everyone as being unique and talking about why we are all special and what our aims and goals are for this year.

### Hedgehogs:

We began our new Study Theme with the help of a strange looking box! During the holidays Mrs B found a time capsule in our school grounds:

This has generated many questions:

What are these objects?

What were they used for?

And most importantly - which time period are they from?

We think they are from the **Victorian** times. We are looking forward to learning all about these artefacts, especially the Victorian toys.

Next week we will be travelling back in time to meet a Victorian lady and discover what life was really like.

### Squirrels:

This term in Squirrels, we will be travelling back in time to discover what life was like in Ancient Rome. We will learn all about the Roman Empire including the impressive Roman Army and the key Emperors and Invasions. Later on in the term we will look at how the Romans have impacted our life today and how they still live on in Britain. We will be using supporting texts linked to our study theme to support our learning and the children will be able to get creative and artistic when we look at Roman Art and Infrastructure. I am really looking forward to this term and I am sure the children will really enjoy our History focused topic.

### Badgers

This term, we will be studying the history of the local area, including: local case studies; Iron Age artefacts found locally; Roman salt mining in Warmingham and Middlewich; the introduction and use of the Canals during the Victorian Era and the impact of World War II on the village. We will also explore how the pandemic will be viewed as a historical event (that the children can provide first-hand accounts of) and we will discuss upcoming changes to our area such as HS2.
