

Choose your homework from the menu below:

The peri-ometer suggests the difficulty or challenge the homework may offer. Each half term we ask you to complete at least two of the tasks from the table. We expect high quality work which shows research, thought and care with presentation. Bring your homework back to school on the last Monday of each half term to share with the class and the rest of the school. You will receive a new homework matrix every half term.

Can you research about a canal in a different country. You may want to research its history, locate it on a map or explore how the canal works.	Use the internet to research water pollution and how this is affecting seals.	Use different art materials to make your own water collage. You may want to even try and use some sand/grass or stones to create different textures.
Geography/ History	Computing	Art
Experiment! Can you complete any water experiments?	Can you make your own mini aquarium using a plastic bottle?	Can you create your own water themed music? Maybe listen to orchestral works like Debussy's La Mer, Vaughan Williams' A Sea Symphony, and Britten's Four Sea Interludes from Peter Grimes
Science	Design Technology	Music
Look at a map of the world! Can you label and name all of the world's oceans and seas?	With an adult can you explore a place that has water such as a pond, loch, river, sea life centre or the seaside.	With an adult can you make a meal or snack using fish as the main ingredient? You could even write down the recipe or step by step instructions.
Geography	Outdoor	DT
Can you find and read a fiction or non-fiction book linked to the water or ocean creatures?	Free choice! Choose anything you have been learning about in class and research it more. Present it in a form of your choice.
